Distribution of Albendazole tablets on National Deworming Day.10-02-2025

On February 10, 2025, Albendazole tablets will be distributed across the country as part of the National Deworming Day campaign. This annual initiative is designed to enhance public health by tackling the prevalence of intestinal worm infections, which can severely impact the health and development of children.

The distribution of Albendazole, a safe and effective antiparasitic medication, will primarily target school-aged children, as they are particularly vulnerable to these infections. The campaign aims not only to provide immediate treatment but also to raise awareness about the importance of deworming and maintaining proper hygiene practices.

Community participation is encouraged, with schools and local health authorities collaborating to ensure that as many children as possible receive this vital medication. By participating in National Deworming Day, we can work together to reduce the burden of intestinal worms and promote healthier futures for our children.

SWARNA ANDHRA-SWACHH ANDHRA Program at Mulapeta Village and our College

The "Swachh Andhara Swarana Andhara" initiative is set to take place on March 15, 2025, at the Government Degree College for Women. This significant event aims to foster a culture of cleanliness and enhance environmental awareness among students and the local community.

Activities planned for the day include interactive workshops, motivational talks by environmental advocates, and community clean-up drives. Participants will engage in discussions about sustainable practices and the importance of maintaining a clean environment. Additionally, there will be informative exhibitions showcasing eco-friendly practices and initiatives that individuals can adopt in their daily lives.

The initiative seeks to not only educate but also inspire action towards a cleaner and greener future, encouraging students to become proactive change-makers in their communities.

GDC Marripalem Students Showcase their talent in art

Here's a sample news article for the GDC Marripalem College newsletter on the topic of art and craft, focusing on students preparing flowers and decoration items.

Marripalem, – The students of GDC Marripalem once again proved their artistic flair through a vibrant display of handmade flowers and decorative items. The college aimed to nurture creativity and craftsmanship among students.

Participants used a variety of materials such as paper, fabric, and eco-friendly resources to craft stunning floral arrangements and intricate decoration pieces. Their work not only reflected their artistic skills but also promoted sustainable art by utilizing recyclable materials.

Faculty members and students admired the colorful exhibits, appreciating the hard work and dedication behind each creation. “This initiative encourages students to explore their artistic potential and innovative thoughts

ALUMINI MEETING

Alumni Meet and Certificate Distribution Ceremony at GDP College

The Alumni Meet of GDC Marripalem College was conducted on the 2nd of April in a warm and nostalgic atmosphere. The highlight of the event was the distribution of original certificates to the final-year students. Dr. Sudha, Principal of the college, and Dr. VKT Mahalaxmi, Vice Principal, personally handed over the original documents to the outgoing batch, marking a proud moment for both the students and the institution. The entire teaching faculty graced the occasion with their presence, making it a memorable event for all. The alumni meet also served as a platform for past and present students to connect and share their experiences. Several alumni spoke about their professional journeys, inspiring current students to aim higher. Cultural performances, interactive sessions, and refreshments added to the celebratory mood. The event concluded with a heartfelt vote of thanks, acknowledging the efforts of the organizing team and faculty. The gathering symbolized the strong bond between alumni and the college, reinforcing the legacy of GDP College and its commitment to academic and personal excellence.

Visited and participation of our college II sem zoology students in developing MGNREGS Nursery at Our college campus.

The second-semester Zoology students from our college enthusiastically engaged in the establishment of a Mahatma Gandhi National Rural Employment Guarantee Scheme (MGNREGS) Nursery on campus. This initiative went beyond merely improving the college's environmental landscape; it also offered students valuable hands-on experience in plant cultivation and ecological conservation practices. Throughout the project, students learned about various plant species, soil management, and sustainable farming techniques, fostering a deeper understanding of biodiversity and its importance to ecosystem health. Moreover, the nursery serves as a living classroom, promoting awareness of environmental stewardship among the college community.
