# NEWS LETTER FEBRUARY 2025

## Distribution of Albendazole tablets on National Deworming Day.10-02-2025

On February 10, 2025, Albendazole tablets will be distributed across the country as part of the National Deworming Day campaign. This annual initiative is designed to enhance public health by tackling the prevalence of intestinal worm infections, which can severely impact the health and development of children.

The distribution of Albendazole, a safe and effective antiparasitic medication, will primarily target school-aged children, as they are particularly vulnerable to these infections. The campaign aims not only to provide immediate treatment but also to raise awareness about the importance of deworming and maintaining proper hygiene practices.

Community participation is encouraged, with schools and local health authorities collaborating to ensure that as many children as possible receive this vital medication. By participating in National Deworming Day, we can work together to reduce the burden of intestinal worms and promote healthier futures for our children.

ALLURI SITARAMARAJU Dist. - 531118 - Andhra Pradesh**

The SWARNA ANDHRA-SWACHH ANDHRA Program is currently being implemented in Mulapeta Village and within our college campus. This initiative is designed to enhance cleanliness and promote sustainable practices throughout the community. By engaging residents and students alike, the program focuses on various activities such as waste management, plantation drives, and awareness campaigns about environmental conservation. The overarching goal is to foster a healthier and more vibrant environment for everyone, encouraging responsible behavior and community involvement to maintain these standards long-term. Through collective efforts, we aim to create a cleaner, greener, and more sustainable future for Mulapeta and our educational institution.

## On the occasion of International mother language day February 21

International Mother Language Day is celebrated annually on February 21st, a date designated by UNESCO to honor linguistic and cultural diversity around the globe. This observance underscores the vital importance of mother languages, which serve not only as a means of communication but also as vessels of cultural identity and heritage.

The day aims to raise awareness about the significance of preserving mother languages, particularly in an increasingly globalized world where many of them are at risk of extinction. By promoting multilingualism, International Mother Language Day encourages individuals and communities to embrace and celebrate their linguistic uniqueness, fostering a deeper appreciation for the diverse cultures that enrich our global society. Various activities, such as cultural performances, educational workshops, and community discussions, are organized

worldwide to highlight the role of languages in shaping our identities and connecting us to our roots.

## GDC Marripalem Students Showcase Artistic Talents\*\*

**\*\*GDC Marripalem Students Showcase Artistic Talents\***

Marripalem – Students at GDC Marripalem recently showcased their artistic talents through a vibrant exhibition featuring handmade flowers and decorative items. This initiative is part of the college’s mission to foster creativity and craftsmanship among its students.

The participants crafted their works using a diverse range of materials, including paper, fabric, and eco-friendly resources. This approach not only highlighted their artistic skills but also emphasized the importance of sustainable art practices by incorporating recyclable materials

## GDC Marripalem Recently Hosts Successful Alumni Meet

Marripalem, [Date] – The recent Alumni Meet at GDC Marripalem successfully brought together former students and faculty for an engaging gathering that fostered nostalgia and inspiration. This event provided a platform for alumni to reconnect, share their experiences, and reflect on their journeys since graduating.

The gathering featured notable attendees including Principal Dr. Sudha, Vice Principal Dr. VKT Mahalakshmi, Smt. Mangamma, Dr. Sriman Narayan, Dr. Sri Vidhya, and Kumari Madam. They addressed the audience, highlighting the vital role of alumni in the growth and development of the college. Their discussions centered on the institution's achievements, the significance of alumni contributions to shaping its future, and the importance of ongoing engagement to support current students. Alumni from multiple graduating classes shared their memories and expressed appreciation for the solid educational foundation provided by GDC Marripalem. Many spoke about how the values and knowledge gained during their time at the college have significantly impacted their professional and personal lives.

The event included an interactive session where alumni explored potential ways to contribute to the institution, followed by a cultural program and refreshments. The day was marked by emotional moments, laughter, and a renewed commitment among alumni to maintain their connections with their alma mater.

GDC Marripalem is eager to strengthen its alumni relations and plans to host more such meaningful gatherings in the future.

## Essay writing competition on the eve of National Science Day-2025

In celebration of National Science Day 2025, an essay writing competition is being organized to promote scientific literacy and creativity among students. This competition invites participants to explore and articulate their thoughts on various scientific themes, encouraging them to delve into topics such as recent advancements in technology, the importance of sustainability, or the role of science in everyday life.

The competition aims to inspire students to think critically and express their ideas clearly while fostering a greater appreciation for the scientific disciplines. Participants will have the chance to enhance their writing skills and engage with scientific concepts that shape our world.

Detailed guidelines regarding submission requirements, eligible topics, judging criteria, and deadlines will be shared soon. We encourage students from all educational backgrounds to participate and contribute their unique perspectives on the pivotal role of science in our society.
